**Hestia Hotel Group is about to grow bigger!**

**Hestia Hotel Group, one of the largest hotel groups in Estonia starts operating two new hotels on 1 March – Hestia Hotel Barons (former Hotel Barons) and Hestia Hotel Maestro (former Hotel Old Town Maestro).**

Mikael Granrot, one of the owners and leaders of the Hestia Hotel Group: "Our vision has been to create a hotel group in the Baltic market for developing strong 3-4-star hotel concepts. In the past year, our hotel group has been able to provide the most diverse service packages and the greatest number of rooms in Estonia. In addition to nearly 800 hotel rooms, we offer conference facilities for nearly 2,000 guests. The group also has high-quality catering and wellness service providers. Hestia's core value is caring, which is visible in a variety of flexible and personalised solutions. The role of the group's brand is to create synergies between the hotels in the group, which allows us to provide customer-centric solutions for a wide range of segments. We are glad that we can now extend our product range to boutique hotels as well.

In addition to new projects, we will also continue to develop the existing hotels – the Hestia Hotel Laulasmaa Spa will have a thoroughly renovated hallway and lobby by the end of March, completely new multimedia solutions have been set up for conferences and the concert acoustics of the hall will open up opportunities for high-quality musical entertainment. Hestia Hotel Seaport has a new restaurant and, by the end of March, the Hestia Hotel Europa entrance area and lobby with its unique sea view will also have an entirely new look. In the spring of 2019, we will begin the next stage of development – the opening of the business-class Hestia Hotel Kentmanni."

Aire Malvik, Hestia Hotel Group Marketing Manager: "With the addition of Hestia Hotel Kentmanni in 2019 and today's additions, we will have 9 operational hotels – Hestia Hotel Europa, Hestia Hotel Ilmarine, Hestia Hotel Susi, Hestia Hotel Seaport, Hestia Hotel Laulasmaa Spa and Hestia Hotel Jugend in Riga. Since Hestia Hotel Group was launched on the market on 1 November 2017, the hotels added today will also receive new names – Hestia Hotel Barons and Hestia Hotel Maestro. The process of group branding is scheduled in accordance with the planned timetable, and soon the new names will be added on all our buildings and used in our communications."
